Maximise Your Contracting Benefits

PT Inco Indonesia Tbk

Development of standard Local & International Contracts for mining, construction & procurement, Contract Management Training courses, Tender & Contracts Procedures & Claims advice.

Incitec Pivot

Tender development and management of tender process for open cut mining.

Kestrel Coal Pty Ltd (Luxford Mine Management Services)

Implementation of CCS Contract Management software for construction project.

Birla Nifty Copper

Claims resolution, Contract Management Training courses for open cut and underground mining contracts.

Roche Mining Pty Ltd

Claims development & resolution on CHHP plant design and construct projects.

ByrneCut Mining

Contract Management Training, CCS Contract Management software & Claims development / resolution for underground mining contracts.

Wagner Dowstress Precast

Claims development on Motorway project. CCS Contract Management Software implementation

Snowy Mountains Engineering Corporation (SMEC)

Implementation of CCS Contract Management software for various motorway projects.

St Barbara Mines

Contract Management Training courses.

Newcrest Mining Ltd (Telfer & Ridgeway)

Tender preparation, negotiation & award for major underground contracts, Contract Management Training & claims advice.

Xstrata Mt Isa Mines

Contract Management Training, Tender preparation and CCS Contract Management software.

Talison Minerals Pty Ltd (& Sons of Gwalia Pty Ltd)

Contract Management Training, Claims management / resolution, Contracts procedures, CCS Software implementation on open cut and underground mining contracts.

AngloGold Ashanti

Tender preparation, Claims management, CCS Contract Management software implementation on underground mining contract.

Perseverance Exploration Pty Ltd

Implementation of CCS Contract Management software and Claims management on underground mining contract.

Harmony SA Ltd

Implementation of CCS Contract Management software for mining.

BHP Billiton - Cannington Mine

Claims management and resolution, CCS software implementation.

BHP Billiton (WMC Resources Ltd—Nickel, & Gold)

Claims resolution, Contract Management Training courses for open cut, underground mining and construction contracts. Development of standard legal terms and tender / contract management procedures, tender preparation negotiation and award for major mining contracts.

Mincor Resources

Claims resolution on underground contract. Implementation of CCS Contract Management software.

Reliance Mining

Implementation of CCS Contract Management software.

Unimin Australia Ltd

Claims resolution, implement CCS Contract Management software for open cut, underground mining and construction contracts.

Newmont (& Normandy Mining Ltd)

Claims resolution, Contract Management Training courses.

Patrick Taylor

Bachelor of Engineering (Civil)
University of Melbourne (1973)

Position: **Principal / Director**

Pat has over 35 years experience in the mining, engineering and building industries involving project development, project management, contract management, construction management and design management in Australia, England, Malaysia and Papua New Guinea. Pat has worked in client, contractor, developer and subcontractor roles as project manager, contracts manager and consultant.

Douglas Taylor

Bachelor of Engineering (Civil)
University of Melbourne, Master Eng. Science,
Master of Business Administration

Position: **Associate**

Douglas has over 35 years experience in project management, contract management and general management experience in the defence industry, major corporations and government departments. He has been extensively involved in outsourcing and management of all aspects of the tender process as well as high level management consultancy on business processes.

Keith Caporn

Bachelor of Engineering (Civil)
Swinbourne (1976)

Position: **Associate**

Keith has over 30 years of project management, contract management and general management experience in the civil engineering industry. Management roles have included General Manager of CSR Humes in Fiji and Tasmania. He has been involved extensively in contract negotiations and management.

Ian Mackinnon

Bachelor of Engineering
University of Tasmania (1969)

Position: **Principal Consultant**

Ian has over 37 years experience in project management and contract management. He has managed all aspects of a number of large-scale projects in civil, mechanical, electrical engineering and defence sector projects. He has managed the preparation, negotiation and administration of large scale commercial and construction contracts.

Derek Butler

Bachelor of Engineering
University of Tasmania (1969)

Position: **Principal Consultant—Estimating**

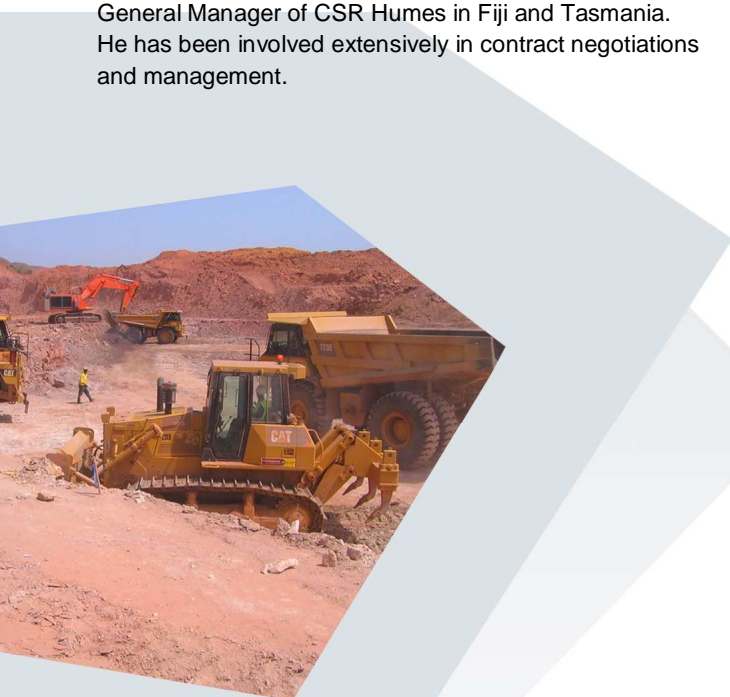

Derek has over 39 years experience in project management and specialises in detailed cost estimates for mining, infrastructure and construction projects. He has extensive experience in Australia, S.E. Asia, S.W. Pacific and Papua New Guinea. Derek operates autonomously for other clients as principal of Aust-Wide Estimating and joins Mintract for specific projects when required.

Tony Hall

Bachelor of Science (1972)

Position: **Senior Consultant**

Tony has over 25 years experience in cutting edge software development for such clients as Westpac, IBM Australia, Microsoft Australia, Suncorp, Bank of New Zealand, Hanimax Australia and Ericsson Australia. He has been responsible for design, project management and software coding on numerous platforms.
